EVENT RULES

Rules of Engagement

First and foremost, this is a fun, narrative event. Participants are expected to be respectful and have a good time — with each other, TOs, and event staff. If you and your opponent don't like a rule or want to swap something out for a more enjoyable game, house rule to your heart's content!

■ ZERO TOLERANCE

Cheating and unsportsmanlike conduct will not be tolerated. Offenders will receive a warning based on the act, then be disqualified from the event and asked to leave if negativity continues.

Dominatus Campaign Deck

We will be using the new Dominatus Campaign deck (11th Edition) one for one. The only exception: we're locking in mission locations for this event (see the schedule for each round's location). Legends models are LEGAL.

Faction Split

LIBERATORS

Imperium

Forces of the Imperium of Man
defend Armageddon.

OPPRESSORS

Everyone Else

All non-Imperium factions
converge to conquer.

To keep things fair we need an even number per side. Players with armies that could go either way — and who'd be willing to join either side — are greatly appreciated! If we end up uneven, we'll pair 2v1 matches (two players at 1,500 points each vs. one at 3,000 points; or 1,000 + 1,000 vs. 2,000).

Match Slips

Each table will have a match slip for participants to fill out together, capturing the victor(s), Battle Honours gained, and Agendas Achieved.

APOCALYPSE OPTION

Large Point / Apocalypse Games

Any players who want to run larger-point games throughout the weekend — up to Apocalypse level using the apocalypse rules — may do so. You MUST provide notice to the Warmaster beforehand, including:

- All participant names
- How many rounds you'll be absent from the primary event

Players are encouraged to use a location NOT listed in the schedule — reflecting Titan-sized or Apocalyptic warfare happening elsewhere on Armageddon.

BONUS MULTIPLIER

Victor points count toward the overall campaign — multiplied by the number of standard rounds the match spans. (Rounds 1–4 = 4× victor bonus.)

PRIZE SUPPORT

Trophies & Prizes

Trophies will be awarded across four categories, celebrating both competitive and narrative excellence:

Best Liberator

Represents the Imperium through army theme, cosplay, sportsmanship, narrative acts, and final record.

Best Oppressor

Represents the enemies of the Imperium through army theme, cosplay, sportsmanship, narrative acts, and final record.

Best Sport

Awarded to the coach whose conduct and camaraderie stood out.

Best Painted Army

Recognizing the finest painted force on the tables.

Event Shirts

We intend to have event shirts — keep an eye on your email for a size inquiry. There WILL be a cut-off on orders, and spares are not guaranteed.
